## BID CLARIFICATION QUESTIONS FROM BIDDERS AND THEIR ANSWERS FROM THE PURCHASER ON THE PHARMACEUTICAL PRODUCTS BID – REFERENCE NUMBER: G/OIB/CPBN-02/2018

No	QUESTION	ANSWER
19	Normally the Rotavirus is an oral vaccine, ready-made into a suspension. The specifications however call for a lyophilized vaccine with diluent which will exclude the Rotarix® vaccine normally supplied. Since no deviations will be accepted the routine vaccine cannot be offered? Please clarify	A new specification for Rotavirus vaccine has been issued by way of the “ <b>Amendment number 1 on Pharmaceutical Products Bid</b> ” issued on 17 September 2017 and hereto attached.
20	In the past 150,000 doses of this vaccine were used. Since normal vaccination requires 2 doses, 50,000 doses will be totally inadequate for 2 years. The supplier cannot be expected to supply triple the quantity even if the conditions make provision for additional orders. It would be considered fair and reasonable to stay within $\pm 20\%$ deviation. Please confirm the quantity required.	A new quantity requirement for Rotavirus vaccine has been issued by way of the “ <b>Amendment Number 1 on Pharmaceutical Products Bid</b> ” issued on 17 September 2017 and hereto attached.  Please note that the limitation of increase or decrease of quantity requirement to any percentage is not available for this bid. Please refer to Standard Bidding Documents, Section II, <b>BID DATA SHEET</b> , ITB 38.1
